

Spring porch box

6. Repeat step 5 for the second part of the stencil.
7. Using the foam wedge pounce lightly over the stencil. Let dry and repeat another 2 times. Remember its better to go on lightly then on heavy to avoid bleeding under the stencil. Let completely dry.
8. Carefully remove your stencil and use a craft knife to remove any letter inserts.
9. To finish off , using the jute from the box wrap around the top of the sign about 3 times and tie off with a box.
